His program will be "What is your perfect bench like" This will dovetail with one of his books "The Workbench", a complete guide to creating your perfect bench (Taunton Press 2004). He will bring his own bench which appeared in Fine Woodworking issue #167, for all to explore and touch. The program will focus on bench design, use, size and configuration, construction and joinery. You can preview some of Lon's work at his website <http://www.woodbender.com/>.

From the President...

Renew your membership NOW! The discounts at all of our sponsors will come to an abrupt halt if you don't renew your membership ASAP. Most of our sponsors are kind enough to give us a grace period, and typically that grace period ends sometime in February or March. Well February has come and gone and by the time this newsletter gets to print – March will have all but passed. You can join online, cut out the application from this newsletter or print one from our web site. Whatever method you chose, get it done before you're standing in the checkout line without your membership card. Why pay full price for tools and materials when if you don't have to.

One of my goals as President of OUR association is to get feedback from YOU so we can meet the needs of our members. As I stated in my first message "From the President", one of my focal points this year is to improve our Mentor Program. To serve you better, I need your input. Please feel free to email or call me or Ed Gladney and let us know what type of mentor classes you would like. Some of our ideas are hand cut and machine cut dovetails, mortise and tenons, sharpening, basic router techniques, basic turning and veneering to name a few. If there is something specific that you would like to see, and there is enough interest, we will make it happen. If you would like to lead a mentor class or just host it at your shop, we would like to hear from you as well.

If you missed the January General Meeting, I briefly talked about getting involved in a community service project to see if there was any interest. After seeing a number of hands raised in favor of such an activity, I would now like to ask all of our members via our newsletter if they would like to get involved. Anyone interested please email or call me and I will gather a list of interested members. The project will greatly depend on the number of people attending. It may be building kitchen cabinets for another non-profit or spending a day building a house with Habitat for Humanity. The number of volunteers will determine what we can do.

Harry Feucht – his name is synonymous with volunteerism. Harry has been a part of this association for longer than I would be willing to guess. Harry has held various positions within the SDFWA but is probably best known for feeding all of us at every event. Harry not only volunteered for our association, but he also worked at the Design in Wood Show as an employee of San Diego Fair. You can always count on Harry for a kind word, a quick smile and some really good food. After all these years of unselfish service, Harry is ready for a well deserved break. He will be stepping away from his duties with the Association, but is not leaving, just taking a retirement of sorts. Harry, thank you for all you've done in the past. We look forward to seeing that glimmer in your eye when we see you in the future.

Lastly, don't forget about the Old Tool Swap Meet starting bright and early, Sunday morning, April 5th in the Rockler parking lot. Get there early if you want to catch some great deals on just about anything you would need in the woodworking world. Have a cup of coffee, grab a donut and browse till you can't take it anymore – then buy something. I look forward to seeing you there.

Robert Threm, President, 619- 993-8207 or sdfwapresident@cox.net

DESIGN IN WOOD

It is March and the 28th Annual Design in Wood Exhibition is just around the corner. Here are some dates to remember.

SIGN UPS for volunteering at the Fair start with this month's General Meeting, March 25. I will explain how you can do this at the end of the article

ENTRY DEADLINE: May 1, 2009

SET UP – STAFF & COMMITTEE ONLY: May 17, 2009, Sunday

SET UP – ALL HANDS: May 18 - May 21, 2009 Monday - Thursday

TIME: 8:30am each day

ENTRY DELIVERY: June 4, 2009 12:00 noon to 8:00pm

FAIR DATES: Opens – June 12, 2009 11:00am (Awards 7:00pm)

Closes – July 5, 2009

NOTE: The Fair will be closed on Mondays, June 15 and June 22

ENTRY RETURN: July 6, 2009 12:00noon to 8:00pm

Remember, this is your exhibit and SDFWA's number one activity for the year. We need everyone to be involved in some way i.e. **ENTER, HELP WITH SET UP, VOLUNTEER AT THE EXHIBIT, HELP WITH TAKE DOWN.** We will provide great food and refreshments along with a generous number of free passes to the Fair just for a few hours of your time. Everyone gets two (2) passes for each shift they sign up for and four (4) passes a day for set up and take down volunteers. You even get passes for entering.

Here is how you sign up to volunteer in the 19th Century Chair Shop or to be a gallery floor walker.

NEW SYSTEM THIS YEAR

This year there will be several ways for DIW volunteers to sign up for the shifts wanted. In the past you could sign up at the General Meeting or you could call or email volunteer coordinator, Eric Lunde, with the date and times you wanted after getting the available dates and times from the SDFWA web site. These options are still available to you this year plus an addition of a New System to completely sign up online.

NEW METHOD

To sign up online, go to the SDFWA web site. You will need your membership number from your membership card and your email address that's on file with the SDFWA (the one you used on your membership application). You will be asked for these items on the log-in page. If your member number and email matches our data base, you will be taken to a log-in page where you will create an ID and password for the web site. (This log-in ID and password will enable you to not only sign up for DIW volunteer shifts but will also enable you to access, later this year, our new section for members only on the website). After you have logged-in, you will be taken to a volunteer sign up page where you and/or your spouse can reserve volunteer shifts in the shop or gallery.

Sign ups will start at the March 25th General meeting. Following that meeting, you can sign up online at SDFWA.org.

If the computer method or meeting sign ups are not possible for you, please call Eric Lunde at 858-487-7644 and leave your name, phone number and dates and times you desire and Eric will enable this for you depending on availability of the dates and times. If the times are already taken, Eric will call you back with alternatives.

I want to thank Doug Murphy, our web manager, and Eric Lunde for all their help with this new system.

TWO SDFWA MEMBERS WERE INCLUDED IN AMERICAS BEST HOME WORKSHOPS MAGAZINE

Big congratulations go to SDFWA members Andy McPherson and Tyme for being included in Wood Magazines America's Best Home Workshop 2009 issue.

Twenty-one pages describe their shops in rich detail using vivid photos, beautiful illustrations and the proven layout that Wood has used in the past. Lynn Rybarczyk, who started the photography of the Design in Wood Exhibit for the SDFWA web site, did the photography of Andy's shop.

Both of their shops in the past have been part of the SDFWA Shop Tours Program. Just as Tyme and Andy have generously shared with our members their innovations and special solutions for creating the ideal, so have they done so in the magazine. Wood Magazine stated, "Tyme's workshop has evolved into a showplace that combines state-of-the-art equipment with a keen focus on health and safety." It was also intrigued how Andy successfully incorporated his interest in trains into his well laid out shop that had the trappings of an old train depot.

You might want to pick up a copy as I have found it fun to read many times discovering new ideas with each read. As a spin off from this, Tyme participated in a two part video series you might want to watch on the Laguna Tools site. Look for the next SDFWA shop tours to learn new things and have fun talking with fellow members.

SHARE YOUR IDEAS IN WOOD'S HOME SHOP IDEAS MAGAZINE

The annual Best-Ever Home Shop Ideas 2009 edition is something you will want to spend a lot of time enjoyably reading for its great tips on improving your process of how you complete projects.

If you would like your shop or special ways you organize and do things to be considered for national exposure in one of their magazines, send them some photos and a short write-up of what you did to make your shop look better and work harder. If you got some "before" and "after" photos, those would be excellent, too! The deadline is June 1, 2009 for shop projects, organizers, storage cabinets, or workbenches you've created in your shop.

If they like your ideas for submission and your photos are not up to Wood's standards, they will send someone to do the final photography.

Send your submissions to: Home Shop Ideas, Wood Magazine, 1716 Locust Street (LS-221), Des Moines, IA 50309-3023

For your information

Lowe's was started in 1946 as a single store in North Wilkesboro, North Carolina, by two brothers-in-law, James Lowe and Carl Buchan. Within a few years Buchan bought out Lowe but kept the Lowe's name, possibly because he liked the sound of "Lowe's Low Prices." Buchan died in 1961, the same year the company went public. Lowe's began trading on the New York Stock Exchange in 1979, and by 2004 its sales totaled \$36.5 billion. As of 2005, Lowe's operates more than 1,100 stores in 48 states.

Home Depot was founded in 1978 in Atlanta, Georgia, by Bernard Marcus and Arthur Blank, two top executives who had recently been fired from Los Angeles-based Handy Dan (another home improvement chain), and Kenneth Langone, a New York investment banker who helped the pair gain the financing they needed to launch their venture. The company went public in 1981, and by 2005 the parent company, The Home Depot, Inc., was operating more than 1,800 stores (Home Depot, EXPO, and other subsidiary companies) in 50 states, the District of Columbia, the ten Canadian provinces, Mexico, and Puerto Rico. While Home Depot does not yet have stores in China, it did recently open two sourcing offices in that country.

Sponsors in the Spotlight

DeWalt, -PorterCable-Delta-Black&Decker

The DeWalt, PorterCable, Delta Black & Decker factory repair store has been a sponsor of the SDFWA for more than just a few years. An exceptional team of professionals managed by Dave Stelmachowski will tend to your every need. Dave has been the service manager in San Diego for 20 of his 34 years with Black & Decker

Upon a recent visit to the store I came away with the confidence that my Delta planer would, in short order be repaired to original factory specs. The store also had on hand the tire for my older model Delta 14" band saw. Dave's primary goal is customer total satisfaction, exceptional service and parts support. When visiting the stores retail show room you just might find that good deal you've been looking for.

Located at 7290 Clairemont Mesa Blvd a couple blocks east of route 805 the shop is easily accessible from anywhere in San Diego

So, if you're in the area drop in and visit the folks at the store, they are more than willing to make your day a good one. Or, contact Dave and his folks at (858) 279-2011, they just might be able to solve your question or problem with a simple phone call.
