July Program

Furniture Styles in History and Examples from the Metropolitan Museum of Art by Mike Davis

In our July program, SDFWA member Mike Davis will be taking us on a journey through furniture history and trip through the Metropolitan Museum of Art in New York City. After being dragged to the museum by his wife, Mike was astonished to find rooms filled with examples of American and European woodworking and furniture-building at its finest. The varied styles from intricate carvings of Rococo to the clean lines of Arts and Crafts led him to months of reading and research into furniture styles. In the program, we will examine the major furniture styles throughout history, and see some excellent examples of these styles from the Metropolitan Museum of Art.

Mike will be bringing part of the collection of books he used for research for us to look at during the break and after the meeting. Pearson Education has donated a number of new textbooks on furniture styles, so both during and after the presentation, these will be given away. So if you feel lucky, or have an interest in furniture construction, join us for this informative program.

See you there,

Del Cover, Program Chairman

July Raffle

Please come early and take a good look at the prizes. Ticket sales begin at 6:30pm with another opportunity to buy additional tickets at the meeting break. The more tickets you buy the better the chance of winning that tool you've had your eye on and would look great in your shop. All of the money goes directly to acquiring bigger and better prizes. See you at the raffle.

From the President...

Thank you, thank you, thank you... to all the volunteers who helped with the 2011 Design In Wood Show. From picking up and moving all our things from storage, a weeks' worth of set up (completed in 2 days), walking the floor and working in the chair shop to tearing down and cleaning up. As usual, the fair themed decorations were first class. I would also like to thank Bob Stevenson and his staff for making everything look so easy.

Judging DIW pieces is always a difficult task and this year was no different. Our members had some beautiful pieces displayed this year and we expect to see more next year.

Nine scholarships were awarded during the fair this year. Four scholarships are awarded to Palomar College students and four to high school woodworkers and a new award dedicated specifically for instruments. The work keeps getting better and better. All the award winners are encouraged to bring their pieces to the July meeting.

Don't forget about the upcoming Fall Seminar with Paul Schurch. Ed Gladney and his crew are gearing up for the 2 ½ day event, so keep a look-out for information in upcoming newsletters.

I hope everyone's summer is going well and you all are staying safe in your workshops.

Robert Threm, President sdfwapresident@cox.net 619 993-8207

New Member Workshop

For all **new members, attending the July 27th meeting**, Russ Filbeck is hosting a workshop.

Russ will build a stained glass panel for a clock door. This process includes designing a pattern, selecting glass, cutting glass and grinding parts to fit, preparing lead came and soldering, glazing and polishing the finished piece. Stained glass work can be incorporated into many types of furniture pieces, creating a whole new personality and look.

Please contact Russ to let him know you will be attending. Phone: 858-566-9699

When: Sunday, July 31, 2011 9am -12 noon

Where: 11088 Delphinus Way, San Diego, CA 92126

Shop Tour

The next shop tour will be an open house in August at **Tropical Exotic Hardwoods of Latin America, LLC** 2270 Camino Vida Roble, Suite "B", Carlsbad, Ca. 92011. Notification as to time and date will be by e-mail and announced at the July Meeting.

David Henry, Vice President

Walking Sticks for Wounded Warriors

Bill Collins has made 35 walking sticks for wounded warriors. Bill makes his sticks in his shop and has help from Harry Feucht. Mahogany, Mesquite and Oak are some of the types of wood used in the walking sticks. Bill started out making canes and then was asked to make a stick for an amputee at Balboa Naval Hospital. The demand grew from there. Shown in picture are 18 of the 35 walking sticks that Bill has made.

Design in Wood

As I sit down to write this, we are wrapping up one of our most successful Design in Wood Exhibitions. Record setup, Record crowds, Record signups by our members have all come together to make an extremely successful Exhibition.

Thanks to all of you who took part no matter what your participation was. It takes a total team effort to make everything come together. To my staff, a hardy **well done**. I think we are finally figuring this thing out.

To all the volunteers. If you only knew how important your assistance is to us. Setup to takedown, walking the gallery floor to making chairs, **THANK YOU** from the bottom of my heart.

To the other guilds – Carvers, Maritime Museum, Turners, Scrollers, and our Seat Weaver – **GREAT JOB!** All your efforts are greatly appreciated.

I wish you could all hear the wonderful comments from our Fair visitors each year.

As they say, “Imitation is the most sincerest form of flattery.” We have had guilds from as far away as Missouri who have come to talk to us and see how it is done. I have given docent tours to five (5) different guild so far – Missouri, Orange County, San Fernando Valley, and two from Arizona. We also entertained 25 docents from the Mingie Museum in Balboa Park. As in the past, they have come to us to experience one of our docent tours on wood objects and gain insight on describing various pieces.

I know it is not much but **“THANK YOU A GREAT DEAL FOR ALL YOUR HELP.”**

Bob Stevenson, Coordinator, Design in Wood, SDFWA, Chairman, Shows & Exhibits

San Diego Fine Woodworkers Association Proudly Presents the

2011 Fall Seminar

Paul Schurch

Veneer, Marquetry and Furniture Design

September 16, 17, 18, 2011

We are pleased to announce that world renowned, award winning artist, Paul Schurch is teaching our fall seminar. Paul has been a perpetual winner at the Design In Wood show and continues to amaze with his marquetry and furniture design. Paul is recognized throughout the world as a master artist. Lately Paul has been interested in teaching furniture design techniques along with veneering and marquetry. Paul's artist statement follows;

"The furniture I create is inspired by my connection to, and observation of nature. I see my furniture as an amalgam of classically

influenced styles and contemporary shapes, playful imagery and exotic materials. My challenge is to bring these elements together, and create from them a story that works. This is where my creativity is expressed and where I thrive. I am excited by the prospect of reinterpreting timeless concepts in a fresh and unique manner. I feel I am doing so by taking the art of marquetry beyond its former confines, and by occasionally using stone, gem and shell inlay in my images. My intention is to create pieces of integrity, including beauty and function."

- Paul's latest book- Practical Furniture Design
- 3-day seminar Friday evening, Saturday and Sunday
- Breakfast rolls, donuts, coffee and juice provided Saturday and Sunday morning
- Catered hot meal lunch – Saturday and Sunday
- Soft drinks, coffee and snacks provided all day
