Our 37th Year of Bringing Woodworkers Together

The Next Meeting is 7 pm, Wednesday, March 28th,
at Our Mother of Confidence Catholic Church
3131 Governor Dr. - corner of Regents Rd.
Fellowship Hall (Downstairs)

March Program: "The Treasure Boxes of Los dos Patricios"

**Dell Cover,
Program Chairman**

For the March program we will feature Pat Edwards and Patrice Lejeune talking about how and why they are now building Treasure Boxes. In 2008, during the recession, they decided that rather than building large traditional pieces that can take many months, there might be a better market for smaller, finely crafted boxes. All of the boxes are inlaid with French marquetry. Both have studied at the Ecole Boulle school in Paris where they perfected their skill in cutting out these exquisite designs. They will be talking about the construction and materials that go into these boxes that are made in their North Park studio/school. The meeting will be on Wednesday, March 28th at 7:00PM at Our Mother of Confidence Catholic Church, 3131 Governor Dr. - Corner of Regents Rd. in the Fellowship Hall (Downstairs). Hope to see you there, Del Cover

## **President's Message,** **March, 2018**

**Mike Davis, President SDFWA**

March is here and it is raining as I am writing this. Not the best weather for woodworking but, we are so lucky to live in a place like San Diego which has relatively little rain and bad weather. But we all have obstacles to face.

I heard a news report this week about Billy Milburn, a woodworker in Charlotte, NC who makes nice turned bowls. He has done a variety of woodworking for the last 30 years out of his garage workshop that is equipped with a table saw, planer, lathe, and most of the standard tools used for woodworking. Recently a planer kicked out a board back at him and wounded both of his thumbs. In spite of his injuries and his doctors warning, he came home and went right back to it; like probably most of us woodworkers would want to do. But Billy is unlike most woodworkers in one important way. He is totally blind and does all of his work by feel. The TV report showed him holding a bowl that he had made and it was an object any of us would have been proud of. Seeing him made me do a little research and I found a lot of other blind woodworkers who are producing quality work. In addition, there are schools around the

country that teach woodworking to blind students. There is a school in Minneapolis that requires partially sighted students to wear sleep shades to learn in, because vision typically gets worse over time. If you learn in complete blindness, you will retain that learning. I am totally amazed and my hat is off to anyone who overcomes obstacles like this that might stop another woodworker. I wish for them continued success and safety.

The last board meeting we held this month was focused on the future of SDFWA. We dispensed with routine committee reports and had discussions related to how the association could better serve the membership in general. Although we spent almost two full hours talking and covered only two items, there were many other points we know are of interest and need to be discussed. So, we will devote several board meetings in the future to discussions like this, while not ignoring the normal day to day business of the association. Most people found the discussions quite interesting and I do think it was a productive use of our time. Hopefully we will be announcing some changes based on our discussions.

Well, keep woodworking and having fun. See you at the next meeting on March 28, 2018 at our new meeting location at Regents Road and Governor Drive.

Volunteers from our membership are needed to walk the floor and work in the chair shop.

NO experience is necessary to volunteer, and volunteering is very rewarding.

Go to <http://www.sdfwa.org/volunteer-duties/> for detailed information, schedule and signup instructions.

Help is needed with set up starting Monday, May 14 at the fairgrounds Mission Tower building. Enter the Solana gate and park near the building. Bring a screw gun, if you have one. There is a lot to do. We have Marines to do the heavy lifting. In addition to free fair tickets; enjoy coffee, juice and donuts in the morning; a great lunch and refreshments throughout the day. Come in and find any of our staff (those are the ones with employee badges) and they will get you signed up and put you to work. If you have problems, seek me out and I will find something for you to do.

Once the fair opens, we need members to "walk the floor" to help educate the public and protect the exhibits. A shift is three hours. You receive two tickets for each shift or four tickets for each closing (last shift in the evening). In addition, we need members to work in the chair shop building children's chairs for charity. A shift is two hours. You receive two tickets for each shift.

Fair tickets will be given to those who volunteer. Volunteer for several shifts and you can receive enough tickets for your family and friends. Up to 4 tickets will be given to those who help with setup (exact number depends on amount of time helping). Two tickets will be given for each floor-walking shift or chair-shop shift.

Remember, sign up for a shift and also get two (2) free tickets to the Fair. Sign up for

several shifts and get enough tickets for your family and friends.

AGAIN THIS YEAR: SIGN UP FOR THE CLOSING FLOOR-WALKING SHIFTS AND DOUBLE YOUR TICKETS TO FOUR (4) TICKETS FOR EACH CLOSING SHIFT.

For those who help with set up, we have free tickets based on how much time you work; along with the refreshments and a great lunch.

Sign up to volunteer online at www.sdfwa.org, or at the general meetings, starting with this month's general meeting.

This is your exhibit, SDFWA. Let's make it the **VERY BEST.**

**Member Shop Project**

**Gary Anderson,  
Member Shop Chairman**

The first two months of 2018 have been extremely busy and productive for our Member Shop.

We now have over 250 Members and continue to grow steadily. Financially we are "cash flow positive" and continue to add new equipment to the Shop.

Thanks to the continued generosity of Travis Good, our Shop will soon have a new 3-D Printer to augment our busy and exciting Digital Tools area. And thanks to Sam Takahashi, who has donated the funds necessary to purchase a brand new, and very professional vacuum press system. This piece of equipment is going to allow us to eventually offer classes on marquetry and veneering.

We've also upgraded our downdraft sanding table and added a second "re-saw capable" Laguna Band saw to support the strong demand we've had for this capability. We continue to offer a wide variety of classes including CNC and Laser. If you've always wanted to learn either or both, there's no time like the present.

If you have not yet joined the Shop, I want to alert you to our plans to increase the cost of a new Membership, effective April 1st. (This will not affect the cost of the next renewal for existing Shop Members). So if you want to take advantage of all the benefits our Shop offers, come in and talk to us during March or at the March General Meeting.

We hope to see you in the Shop soon!

Thanks!

Gary Anderson
